

Diocesan Council

131st Annual Council of the Episcopal Church of South Carolina in Session

The 131st annual council of the Episcopal Church of South Carolina convened Tuesday morning in Church of the Holy Comforter with a large attendance of Clerical and lay delegates representing a majority of the parishes and organized missions of the state. The council opened with the celebration of the Holy Communion at 10 o'clock by Bishop W. A. Guerry, assisted by Bishop Co-adjutor K. G. Finley.

At 11 o'clock the business session of the council was called to order by Bishop Guerry and the organization effected by the roll call of the clergy and parishes. Thirty-three parishes and four missions were represented. Committees on roll of the Clergy and Credentials were appointed. The program prepared by the committee was adopted as the order of business for the session. On motion of Rev. Mr. Lightburne it was decided that hereafter provision be made in the program for the annual report of the superintendent of the Church Home Orphanage at the morning session of the first day of the annual council.

Rev. A. S. Thomas was re-elected secretary by the unanimous vote of the council. Rev. F. H. Harding was appointed assistant secretary.

Mr. William Godfrey, of Cheraw, was nominated for re-election as treasurer of the Diocese, and by unanimous vote the secretary was directed to cast the vote of the council for him.

Rev. J. Benham Walker, rector of the Church of the Holy Comforter, in a brief but most cordial address extended the welcome of the congregation and the people of Sumter to the members of council, and in behalf of his people expressed the hope that all present would find their stay in Sumter both pleasant and profitable.

Bishop Guerry, in responding to the welcome, said that he was particularly glad to be in Sumter, and to a way Sumter was home to him, for he spent a part of his boyhood here, his father having been called to the rectorship of this church about 1873 and had remained here for several years.

The five regular committees were appointed. The report of the standing committee was called for, but on the motion of Mr. J. Nelson Frierson the report was deferred until the afternoon session.

Mr. J. P. Thomas made the report for the trustees of the Diocese. The report was satisfactory in all respects, showing that the funds of the diocese had been well and safely invested, and that all interest had been collected and that the expense had been held down to a minimum—the cost of handling the investments during the year having been one-fifth of one percent. On motion of Mr. J. P. Thomas a vote of thanks was extended to the trustees.

Rev. W. W. W. of St. Mary's School and Rev. Walter Mitchell, of Father Academy, who were on the program for addresses, both being unavoidably absent, Bishop Guerry called on Rev. Mercer T. Logan, of Charleston to address the meeting on Religious Education, which he did in forcible manner, with particular reference to the work of summer school at Sevanee.

At the suggestion of Bishop Guerry Rev. A. S. Thomas was nominated and unanimously elected Historiographer of the Diocese to succeed Rev. John Kershaw, deceased. The Bishop stated that Dr. Kershaw had almost completed the history of the Diocese of South Carolina, having done a most valuable work, and that he knew of no one better fitted to carry the work to completion than Rev. Albert S. Thomas. A motion was adopted directing the treasurer to pay over to Mr. Thomas a sum sufficient to cover any necessary expense incident to this work.

The discussion of the question of admitting women to membership in the council, which has been a feature of several recent meetings, was pre-empted by the introduction of a resolution by Rev. Mr. Ambler providing for the appointment of a committee of three—two men and one woman—to consider the effects of the admission of women to membership in Diocesan councils, and to report their findings back to this council. Mr. R. J. Kirk called attention to the fact that he had introduced a resolution relative to this matter at the last council, that the resolution was referred to the committee on constitution and canons, and that this resolution should be taken up. The point was made that the committee had made no report, but that it had been stated that the sentiment of the committee had been unfavorable to last year. Mr. Kirk reintroduced his resolution, which was to the effect that Section 3, Article 3 be amended to provide that each parish be permitted to elect not more than two women delegates and each organized mission not more than one woman delegate to council. The resolution was referred to the committee on constitution and canons, with report to be made at the afternoon session.

The reports of the committees on roll of the clergy and credentials of lay delegates were submitted and adopted. The report of the committee on admission of new parishes and missions was made by Rev. W. S. Poyner. The committee recommended the admission of St. Mark's, Chester; St. Andrews, Greenville, and St. James Memorial Church, Greenville, as parishes in union with the council. Christ Church, Mullins, All Saints, Barnwell and St. Peter's by the Sea, Charleston were recommended to be admitted as organized missions. The report was adopted.

Rev. Alexander Mitchell offered a resolution authorizing the finance committee of the board of trustees to use the funds in hand for an Episcopal residence to purchase a house and lot in the city of Columbia suitable for an Episcopal residence, and to be empowered to execute a mortgage for the credit portion of the

purchase price, and to rent the same for a sum sufficient to cover the interest and carrying charges. After brief discussion the resolution was adopted.

The hour of recess having arrived the meeting adjourned until 3 o'clock.

The Diocesan Council re-assembled promptly for the afternoon session Tuesday and the regular program was taken up. The chief feature of the session was Bishop Guerry's annual address. In the introductory part of the address he paid feeling and eloquent tributes to the ministers of the diocese who have passed away since the last annual council. These were Rev. W. B. Gordon, of Camden; Rev. A. E. Cornish, of Charleston; Rev. John Kershaw, of Charleston. He also paid tributes to Dr. W. H. Prioleau, of Charleston, for many years treasurer of the Advancement Society, and to Thomas Baker Spann, of Sumter, a candidate for holy orders.

The bishop reported encouraging conditions in the diocese and that there had been more communicants last Easter than ever before. He maintained and quoted statistics to show that much of the literature published on the decline of religion is without any substantial foundation. He endorsed the Lambeth appeal for unity that "the churches of the Anglican communion should formally invite the authorities of other churches within their areas to confer concerning the possibility of taking definite steps to cooperate in a common endeavor along the lines set forth in the appeal."

Bishop Guerry's explanation fulfilled the attitude of the church towards divorce and remarriage. He stated that whereas the church permitted divorce on scriptural ground, as South Carolina law permitted it on no ground, under no condition would he give permission to the clergy of the church in this state to remarry divorced people. He explained under what circumstances those divorced in other states could be admitted into the church.

In concluding his remarks on this subject he said: "While the Church in South Carolina will not solemnize the marriage of divorced persons, she will not deny the sacraments of life to any divorced man or woman who can produce satisfactory evidence that he or she could have been divorced on scriptural grounds and were themselves the innocent party."

On the subject of Christian healing mission, the bishop endorsed this movement as a "wonderful possibility for a real spiritual revival in the church," but warned against misuse and urged that the false teaching which has characterized the healing mission in various parts of the country be eliminated and the healing ministry of the church be placed upon a saner and more scriptural basis.

The bishop closed his splendid address with an appeal to the women for a saner and higher standard of living.

The address of Bishop Co-adjutor Finley was brief and dealt almost entirely with the details of his work since his consecration to office early this year.

Mr. William Godfrey, treasurer of the Diocese, submitted his annual report in printed form and supplemented the statistical information with comments and explanations. The report showed that the church finances are in a healthy condition, despite the general depression of business.

The report of the finance committee, next in order, was deferred until the morning session.

There was no report on the state of the church, Rev. T. T. Walsh, who was appointed chairman of this committee at the last council, having resigned the position and the place having not been filled.

Rev. K. G. Finley made the report on missions in connection with the nation-wide campaign.

The regular program of the afternoon session having been concluded before the hour for adjournment it was decided to take up the report of the committee on the new Canon—Bishop and Executive Council. The report of the committee embodying the proposed Canon was read, and the remainder of the session was spent in discussing it and the numerous amendments and changes proposed by various members. Adjournment was ordered at 6 o'clock.

The evening session was devoted to hearing an address by Thomas Mott Osborne, of New York, on prison reform.

Morning Session.

The second day of the Council was opened with the celebration of the Holy Communion at 7:30 o'clock. Morning Prayer was held at 9:30, and the business session opened at 10 o'clock.

The consideration of the report of the committee on new Canon—Bishop and Executive Council, was resumed. The discussion of this important change in administrative affairs of the Diocese, was participated in by a large number of delegates, both clerical and lay, and practically the entire session was consumed with this matter, before the Canon was finally adopted in amended form.

Mr. A. W. Smith, of Greenville made a report on the Church Home Orphanage and the result of the recent pilgrimage to that institution.

The next matter to be taken up was the report of the Finance Committee, which was made by the Chairman, Mr. H. P. Duvall. The reading of the report was followed by a discussion respecting certain of the recommendations as to the budget for the current year, particularly insofar as it affected the salary of the Bishop, continued until the hour for recess. The discussion will be resumed this afternoon.

The Council will recess at 5:30 to attend a reception at the home of Col. R. D. Lee, given by the ladies of the congregation in honor of the members of Council.

The 131st Annual Council of the Diocese of South Carolina adjourned at noon, after a busy morning session, during which all committee reports were completed, and elections held. Before adjournment, on motion of Mr. R. W. Sharkey, a resolution expressing the appreciation of the Council to the report of the Parish and the

people of Sumter for the hospitalities and courtesies of which the Council and its members were the recipients was adopted.

Among the important matters considered during the afternoon session Wednesday were the amended report of the Finance Committee sections having been referred back to the committee at the morning session. This had to do with fixing the salaries of the Bishop and Bishop Co-Adjutor. The committee originally recommended that the salary of the Bishop be \$5,000, with allowance of \$200 for traveling expenses; and the same for the Bishop Co-Adjutor. It was the sentiment of Council that salary of the Bishop should be the same as it was last year, inclusive of the allowance of \$1,500 made on account of the high cost of living last year. The Finance Committee amended it to report in this particular, fixing the salary of the Bishop at \$5,500, with allowance of \$600 for clerical assistance and \$200 for traveling expenses. The salary of the Bishop Co-Adjutor was fixed at \$5,500, with allowance of \$200 for traveling expenses.

The special order of the day, the report of the committee on the division of the Diocese was then taken up. There were two reports—the majority recommending that the matter be reconsidered by Council. The grounds for this recommendation were that the election of the Bishop Co-Adjutor and the assignment to him of specific duties and territorial authority had so altered the situation since the last meeting of Council that the conditions that seemed to call for the division and influenced the last Council to take action, no longer existed, and it therefore appeared the part of wisdom and expediency to further postpone the division. The minority report submitted by Rev. W. H. K. Pendleton advocated the division of the diocese at the earliest day practicable as provided for by the resolution adopted at the last Council.

The question was discussed at length by both clerical and lay members, and all the arguments for and against the division that have characterized the discussion of the matter at practically every Council for the dozen years were reviewed. It was evident from the trend of the debate that the preponderant was in favor of division, consequently when the vote was taken he result was not a surprise. The vote was taken by orders and the result was as follows: Clergy: for division 25; against 11; Lay Delegates: for division 21, against 17; divided parishes 3. A majority of both orders being in favor of the division, the minority report was declared adopted.

Adjournment was ordered at 5:30 o'clock for the members of Council to attend the reception given by the ladies of the church at the residence of Col. R. D. Lee. The reception was a most pleasant and successful affair, lasting from 5:30 until 7.

The special feature of the evening session was an address by Rev. R. Bland Mitchell, of New York, on the Nation Wide Campaign. Mr. Bland gave a striking and instructive review of the campaign, calling attention to the great successes that had been achieved in some sections and the disappointments that had been met elsewhere. On the whole the efforts put forth by churchmen in the Nation Wide Campaign had been fruitful of good in a large and increasing measure. It has been inspirational and educational and the influence that it has set in motion are gaining ground in all sections of the country. The key-note of the address was that there is no reason to be discouraged or to lose hope, but that very church hold fast to the gains that have been made in church organization and co-operation and go forward to greater achievements.

Following the address the general subject of the Nation Wide Campaign in relation to the results and effects in this diocese was discussed.

After adjournment of Council, called meeting of the three Conventions were held to nominate members of the Executive Council.

The session this morning was called to order at 9 o'clock, an hour earlier than usual, in order that the great mass of unfinished routine business might be cleared up before the hour of final adjournment.

The first item of business on the program was the election of the Executive Council, provided for in the new Canon adopted Wednesday.

The election resulted as follows:

Nominees of Conventions:

Charleston Convention—W. W. Shackelford, Miss Claire Jervey.

Columbia Convention—R. I. Manning, Mrs. W. P. Cornell.

Greenville Convention—A. W. Smith, Mrs. W. S. Manning.

Nominated by Council: Rev. F. C. Juhan, Rev. O. T. Porcher, Rev. S. C. Beckwith, W. B. Moore, H. P. Duvall, H. K. Jenkins.

Nominated by the Bishop: Rev. Walter Mitchell, Rev. A. R. Mitchell, Rev. T. T. Walsh, H. L. Tighman, Walter Hazard, Mark Reynolds.

The Standing Committee was re-elected as a whole, with the exception of the substitution of Rev. William Way to succeed the Rev. John Kershaw, deceased.

The trustees of the Diocese were re-elected with only one change, Rev. F. H. Harding succeeding Rt. Rev. K. J. Finley, who resigned his place on the board in consequence of his election as Bishop Co-Adjutor.

The trustees of the Church Home Orphanage were re-elected, with the exception of H. P. Duvall and Dr. T. G. Simons, who asked to be relieved. The new members are A. V. Snell and J. F. Sirene.

At the conclusion of the elections and routine business Rev. F. W. Ambler introduced a resolution that proved a brief but spirited debate. Mr. Ambler's resolution was in effect that the Council of the Diocese of South Carolina petition the president of the United States, and the secretaries of war and the navy to take steps to bring about the disarmament of the civilized nations to the end that the crushing burden of increasing military establishments be lifted from the people and that the cause of the world peace be advanced. The resolution was finally adopted as offered.

The business before the meeting having been disposed of the secretary read the minutes, which were approved.

Before adjournment Bishop Guerry made a brief statement in reference to the division of the Diocese. He said that he entertained a feeling of relief that this question which has been hanging over the diocese from the time of his election to the office of Bishop of South Carolina. That he felt that the work had as a measure been hampered by the continued agitation and the uncertainty as to the action that would be taken. Now that the question has been determined, the future can be faced with confidence. Besides he preferred if the diocese is to be divided, that it be done now while he has the health and vigor to undertake the reorganization of the work in the lower diocese. Of course, he said, he viewed the division with a measure of regret, for the diocese of South Carolina was a historic organization, and dear to his heart, but he did not question the wisdom of the policy after so long consideration. In conclusion Bishop Guerry said that he had never heretofore announced which division of the Diocese he would select for his future sphere of labor, but he would say now that he would continue Bishop of the Diocese in which he lived—the Diocese of South Carolina.

Bishop Guerry lives in Charleston, and his announcement means that he will preside over the lower division of the state and that Bishop Co-Adjutor Finley will become Bishop of the Upper section of the State when the division shall have been consummated.

The Council will meet in Charleston next year, the invitations of Rev. S. C. Beckwith, of St. Philip Church, having been accepted by the unanimous vote of the Council.

Train Smashes Auto at Harvin Crossing

Transfer Driver, Solitary Occupant, Has Narrow Escape

A Chalmers automobile was this morning smashed to smithereens at the Harvin street railroad crossing and its driver and owner, Walter Kelly, a negro transfer driver, very narrowly escaped death when the automobile was struck by an empty passenger train which was backing across the crossing.

The accident occurred at 9:40 this morning and was witnessed by several persons who happened to be in the vicinity of the crossing. According to their testimony the automobile, a five-passenger touring, stopped directly on the track in the path of the backing train, which was moving at a rate of speed estimated at between 15 and 20 miles an hour. It is stated that the flagman riding on the rear end of the coach shouted to the negro in the automobile for him to either go on or back off of the track. This call was made when the train was yet some distance from the automobile but the negro seemed petrified with fear and was only able to watch the oncoming train as it approached him. The flagman jerked the emergency signal just at about the same moment the coach hit the automobile. The train was brought to a standstill only after the automobile had been dragged some 30 or 40 feet down the tracks. The negro stayed in the automobile the entire time that it was being dragged, rolled and crushed by the train and crawled out of the remains of the totally smashed machine after the train had been stopped. How he escaped with his life is one of the unexplainable but his injuries consisted of only a very few cuts and bruises. The whole occurrence, it is stated, happened in a few seconds of time. The automobile was headed west while the train was backing west down the tracks. Fortunately for the driver this position caused him to be on the opposite side of the automobile from the side which the coach struck. This is probably the one thing which saved the negro's life. The steps of the railway coach were torn off by the collision and the automobile was reduced to a tangled mass. There was scarcely a part of the car which was not in some way broken or damaged.

Government Wins Income Tax Suits

Highest Tribunal Decides Two Important Controversies Involving Interpretation of Income Provisions of Revenue Acts, Increased Value of Invested Capital and Inheritance Tax

Washington, May 16.—Through decisions of the supreme court today, the government won two important victories in controversies involving interpretation of income provisions of the revenue acts of 1916 and 1917.

Increased value of a capital asset could not be added to "invested capital" the court ruled in the appeal of the La Belle Iron Works, an Ohio concern, from a ruling by treasury officials but on the contrary must be considered in computing the profits of the corporation on which the taxes were to be assessed. In the other decision the court ruled that inheritance taxes paid to a state could not be deducted from the "net estate" taxes under the revenue act.

The La Belle Iron Works suit was characterized by a high government official as "the most important legal suit affecting federal finances to arise in several decades." The specific point at issue was whether or lands in the Mesabi range of Minnesota, purchased for \$120,000 prior to 1904, could be returned by the iron company at a new valuation of \$10,000,000 in 1917, the increase being covered by a stock issue and carried under invested capital.

"We think the meaning of the act as to 'invested capital' is perfectly clear," said Justice Pitney in delivering the court decision. "It defined this term to mean '(1) actual cash paid in, (2) the actual cash value at the time of payment of assets other than cash paid in, and (3) paid in or earned surplus and undivided profits used or employed in the business,' but not include money or other property borrowed."

"When speaking of the capital of a business corporation or partnership, such as the act deals with to invest money's worth with a view to obtaining income or profit from the conduct of a business."

"In order to adhere to this restricted meaning and avoid exaggerated valuation, the draftsman of the act resorted to the test of including nothing but money, or money's worth, actually contributed or converted in exchange for shares of capital stock, or actually acquired through the business activities of the corporation or partnership and coming in as extra by way of increase over the original capital stock. How consistently this was carried out becomes evident if the section (section 207) is examined in detail...."

"The same controlling thought is carried into the proviso. Every line shows evidence of a legislative purpose to confine the account to such items as were paid for in stock or shares specifically issued for it, and to their values at time of such payment...."

Hundreds of millions of dollars in taxes hung upon the decision, there being but few partnerships or corporations which did not have on their books an item showing material sums resulting from appreciated value of capital assets.

The inheritance tax case was brought to the supreme court by executors of the estate of the late J. Hansen Purdy of New York. No less than five states had collected taxes on the turnover of parts of the estate within their jurisdiction and the executors claimed that all these sums should be deducted before federal taxes on the "net estate" could be legally computed. Refusal of tax collectors to agree to this contention was upheld in turn by the treasury department and the federal courts and today, by the supreme court.

The "net estate" contemplated in the act the opinion said was the entire residue remaining to be distributed after the immediate charges, such as funeral expenses and debts, had been met. Imposition of the federal tax did not interfere with the right of the state to control the property within its borders of a decedent, the court ruled.

STATE TAX LEVY

Columbia, May 17.—Despite the awful howl raised by the 1921 legislature over the question of "reducing taxes," the tax levy this year is the same and it is not likely to produce enough revenue to finance the state for the year 1921. This is shown in a statement of the property returned for taxation and the amount of revenue to be derived from taxing it to the limit as set by the legislature, which statement has just been issued by Comptroller General Walter E. Duncan.

The total amount of money appropriated by the recent legislature was \$6,534,925.82. Legislature fixed the maximum tax levy at 1 1/2 mills. The total taxable property for the year is \$476,222,786 in value. The 1 1/2 mill tax levy will produce on this assessed valuation a total revenue of \$5,199,562. With the estimated revenues from other sources added, this will give the state a total revenue of \$6,534,562.03, which is \$363,759 short of the total appropriations for the year. Unless revenue not yet in sight turns up, the state will likely have to borrow money for the purposes of government in 1921—and the state tax levy is the same as it was last year, 1 1/2 mills, plus a half mill for the Citadel, provided in a special act of 1920, making the total levy of 12 mills. The only difference between this year's state levy and that of last year is the suspension of the special two mill levy for roads.

Washington, May 17.—The senate finance committee ordered favorable report on nomination of Davis H. Blair, of Winston-Salem, as commissioner of internal revenue.

THE BAPTIST CONVENTION

Another Theological Seminary To Be Established—Question of Women on Executive Committee Deferred

Chattanooga, May 16.—Representation of women on the executive committee and the five general boards of the Southern Baptist convention was deferred for a year by action of the convention late today, the nominating committee having found difficulty in adjusting provisions of the by-laws of the convention and in other matters relating to the selection of the women. The committee to which was referred the memorial from the Women's Missionary union, asking for representation of women on all the major agencies of the convention, was instructed to take the matter under consideration for a year and report to the next session of the convention.

Establishment of another theological seminary by the convention was provided for this afternoon and proposals from states desiring it were requested. The convention will select a site at its next session. Proposals already have been made informally by Georgia, South Carolina and Virginia.

One of the more Southern Baptist universities are favored by the convention and the committee having this matter in charge was instructed to invite proposals on the sites of such institutions.

In the same connection the Columbia association of Washington was asked by the convention to develop a plan for the reclaiming by the Baptists of George Washington university of that city, formerly Columbia university, which was, until recently, under Baptist control.

An independent association of Baptist schools and colleges in the South probably will be formed, it was announced, the convention today adopting a resolution to the effect that all Baptist schools and colleges should be free of all agencies except those created by the conventions or other Baptist bodies owning the schools.

The creation in each state of an historical society for preserving Baptist records was recommended by the convention. Definite recommendations were adopted looking to supplying the 4,500 vacant Baptist churches of the South with pastors.

Chattanooga, May 16.—Plans for enrolling a half million tithe among the Baptists of the South were projected by the Southern Baptist convention tonight upon recommendation of the Laymen's Missionary movement. Quotas of tithe will be apportioned to the various states by a committee representing the laymen's movement, the Woman's Missionary union and the executive committee of the convention.

The reports of both the laymen's movement and the Woman's Missionary union were presented to the convention at the night session.

Few changes were made in the membership of the general boards and the executive committee for the ensuing year.

The final session of the convention will be held Tuesday morning. Many of the delegates left for their homes tonight.

Wholesale Baggage Thefts

Washington, May 17.—Police here believe the baggage thefts covering a period of years and from which claims aggregating \$15,000 have arisen have been cleared up with the arrest of Elbert Coleman Langum, conductor, and Lisle Payne, baggage man on the Southern Railway. Payne, whose home is in Clifton, Va., is said by police to have admitted to thefts.

Rub-My-Tism kills pain.

TO PUT BAN ON GAMBLING

Louisville, May 17.—Publication today of an appeal to the citizens of Kentucky to "rid the state of its disgrace and people of this moral curse" begins an active campaign of a committee of Louisville citizens to have parliament gambling machines at race tracks brought under the ban of the state anti-gambling laws.
